An assisted living community for those with Alzheimer's and other types of dementia

A New Approach

At Fieldstone Memory Care, we are committed to enriching the lives of our residents and their families by providing engaging, compassionate care focused exclusively on residents with Alzheimer's and other types of dementia.

Our team is made up of exceptional people who are passionate about making a difference and who are trained to provide specialized care. Our focus is on building relationships, inviting residents and their loved ones into our family and making everyone feel at home. Each person plays an

to Memory Care

important role in creating our joyful and vibrant community.

Our unique building design features a spacious neighborhood and common areas where residents can interact and discover while in a secure environment. Attention has been given to every detail from our innovative Town Square to incorporating critical technology that allows us to provide a level of care and safety unavailable in other communities.

We see each day as an opportunity to inspire growth and joy in those we serve.

The Great Outdoors

Our beautiful outdoor courtyard invites our residents to enjoy the stress reduction and solace that come from connecting with nature. French doors open onto a secure courtyard complete with walking paths, sitting areas, and water features.

Daily Trips to Town

The Town Square is the heart of our community and is all about having fun and interacting in a safe environment. Residents are invited to enjoy a variety of life-enriching activities in the art studio, '50s diner, theatre, salon, or serenity room.

Life Enrichment

Recognizing the unique qualities and interests of each resident, our Life Enrichment Director crafts individualized activities and wellness plans. From physical activities to social engagement, our goal is to enhance the life of each resident.

Family-Style Dining

We believe that every meal is an opportunity for celebration, a time for residents and families to share delicious food and conversation. Fieldstone chefs are passionate about preparing fresh, homemade meals using the finest seasonal ingredients.
