Fieldstone co-owner, Doug Ellison, grew up accompanying his physician father, Gerald, on rounds to visit patients. Gerald's kind and compassionate approach toward his patients had a lasting impact on Doug and inspired Fieldstone's creation.

A dedicated outdoorsman, Gerald loved exploring the Pacific Northwest with his family, as well as tending to their apple orchard. He appreciated the importance of locally grown food and supporting local growers. And he thoroughly enjoyed a good meal (dessert in particular!). Our northwest-inspired menu is a tribute to a man who cared for his crops almost as well as he cared for the people - patients, family & friends - who were lucky enough to cross his path.
